

## EE RATING PACKAGE

Models: All DC Scissors (except SJ4740 & SJ4740 E)

The “EE” rating package conforms to the NORTH AMERICA UL 583 Standard for electric battery powered industrial trucks. Provides protection in environments where ignitable concentrations of flammable gases, vapors, or liquids are present within the atmosphere under abnormal operating conditions.

- Enclosed DC electric motor
- Enclosed lower control panel
- Static ground strips
- Boots for battery terminals
- Lockable battery tray
- On board battery charger  
(batteries must be charged in a non-hazardous environment)
- Appropriate “EE” decals
- Most electrical components are UL or CSA marked
- End of line testing for compliance

Classification: Skyjack scissor lifts equipped with “EE” Rating Package can be used in Class I, Division II, Group D locations as specified by the NFPA 505 Fire Safety Standard.

Please note: Cannot be combined with telematics keypad, 250 Ah or AGM batteries, single or dual flashing lights, AC power on platform, perimeter lights, white noise alarm, wind rating on SJ3226 E, powerdeck on SJ3220 E, or ECOTRAY
